Fraternité*

ASSISES
nationales
DES RISQUES NATURELS

13 & 14 octobre
2025

**6^{ème} édition
Toulouse**

**FACE AUX RISQUES
AGISSONS**
BIEN PRÉPARÉS, BIEN PROTÉGÉS

En partenariat avec :

**October 13rd
2025**

What are the Assises?

- Event held **Every 3 years, 6th edition**
- bring together all key **stakeholders** involved in disaster risk management in France
 - national and local governments,
 - scientific and technical experts,
 - insurers,
 - private companies,
 - civil society

🎯 Objective : build a common understanding of natural hazards and to develop collective responses

Topics tackled

- ☑ Adressed risks :
 - Floods
 - Coastal hazards (erosion + submersions)
 - storms
 - earthquakes
 - wildfires
 - Landslides/ falling blocks

🔍 focus on climate change and adaptation

🎓 scientific knowledge sharing

🤝 dialogue

💡 practical solutions.

Focus on 2025 edition

“Adapting to Climate Change, Building Resilient Territories.”

- how to integrate climate adaptation into **urban and regional planning**,
- how **local communities** can engage citizens in **risk awareness**,
- and how **international cooperation** can accelerate resilience strategies.
